

CURRICULUM VITAE

Name: David H. Barad, MD, MS

Date of birth: March 29, 1950

Citizenship: United States of America

Address: Office:
Center for Human Reproduction
21 East 69th Street
New York, NY 10021

Telephone (212) 994-4400
Fax: (212) 994-4499
Email dbarad@thechr.com

Current Licensure:	#	Date	Registered through
New York State Medical License	140352-1	Oct 1979	Feb 28, 2013
New Jersey Medical License	25MA08029900	Inactive	
DEA Registration	BB8288676	May 2003	July 31, 2012

Education:

School	Location	Major	Degree	Date
Rutgers	New Brunswick, NJ	Biology	BA	June 1972
Boston University Graduate School	Boston, Mass	Comparative Endocrinology /Biology	MA	June 1974
Rutgers Medical School (Robert Wood Johnson)	Piscataway, NJ	Medicine	MD	June 2, 1978
Albert Einstein College of Medicine	Bronx, NY	Clinical Research Training Program	MS	June 4, 2003

Master Theses:

Masters of Arts in Comparative Endocrinology – Boston University

Circulating plasma estrogen levels in the female turtle *chrysemys picta* during its annual reproductive cycle and following gonadotropin treatment - 1975.

Masters of Science in Clinical Research – Albert Einstein College of Medicine 2003

Association of hypertension and history of hysterectomy among menopausal women. – 2003

Post Graduate Clinical education:

Hospital	Location	Program	PG year	Dates
Metropolitan Hospital	New York, New York	Obstetrics & Gynecology Internship	PGY 1 (6mos)	7/1/78 - 12/31/78
Sloane Hospital for Women/ Columbia Presbyterian Medical Center	New York, New York	Obstetrics & Gynecology Internship	PGY 1 (6mos)	1/1/79 - 6/30/79
Sloane Hospital for Women/ Columbia Presbyterian Medical Center	New York, New York	Obstetrics & Gynecology Residency	PGY 2 PGY 3 PGY 4 (Chief)	7/1/79 - 6/30/82
Brigham and Women's Hospital	75 Francis Street Boston, Massachusetts	Fellow in Obstetrics & Gynecology (Reproductive Endocrinology)	PGY 5 PGY 6	7/1/82 - 6/30/84

Professional employment and Hospital appointments:

Professional employment

Position	Department	Dates
Director of Assisted Reproduction	Center for Human Reproduction, NYC	7/03 - Present
Associate Clinical Professor	Epidemiology and Social Medicine Albert Einstein College of Medicine Bronx, New York	5/05 - Present
Associate Clinical Professor	Obstetrics, Gynecology and Women's Health Albert Einstein College of Medicine Bronx, New York	4/01 – Present
Director of Gynecology	Community Hospital at Dobbs Ferry Dobbs Ferry, New York 10522	1998- 4/01
Associate Professor	Obstetrics, Gynecology and Women's Health Albert Einstein College of Medicine Bronx, New York	7/1/90 – 4/01
Director	Division of Reproductive Endocrinology And Infertility Department of Obstetrics, Gynecology & Women's Health Albert Einstein College of Medicine Bronx, New York	12/85 – 9/98
Director	Division of Reproductive Endocrinology and Infertility Department of Obstetrics, Gynecology & Women's Health Montefiore Medical Center Bronx, New York	12/85- 4/01
Acting Director	Division of Reproductive Endocrinology And Infertility Department of Obstetrics & Gynecology Albert Einstein College of Medicine Bronx, New York	5/85 - 12/85
Head of Reproductive Endocrinology	Bronx Municipal Hospital Center Bronx, New York	7/1/84 – 7/98
Assistant Professor	Obstetrics & Gynecology Albert Einstein College of Medicine Bronx, New York	7/1/84 - 7/1/90
Clinical Instructor	Obstetrics & Gynecology Harvard Medical School Boston, Massachusetts	7/1/82 - 6/30/84

Hospital Appointments

Institution	Address	Depart./ Service	Staff Category	Dates
St. Luke's-Roosevelt Hospital Center	555 W. 57th Street, New York, NY 10019	OB/GYN	Attending	May 2004 - Present
Community Hosp at Dobbs Ferry	128 Ashford Ave Dobbs Ferry, NY 10522-1924	Gynecology	Director	1995 - 2001
Montefiore Medical Center	1825 Eastchester Rd Bronx, NY 10461	Obs & Gyn	Attending	1990 – 2001
Bronx Municipal Hospital Center	Pelham Parkway South & Eastchester Rd, Bronx, NY	Obs & Gyn	Attending	1984 - 1989
Brigham and Women's Hospital	75 Francis St Boston, MA 02115	Obs & Gyn	Instructor	7/82 – 5/84

Board Certification

American Board of Obstetrics and Gynecology	Board Certified	1985
American Board of Obstetrics and Gynecology	Re-certification	1996
Reproductive Endocrinology American Board of Obstetrics and Gynecology	Written Exam Board Certified Reproductive Endocrinology	Jun 1986 Dec 1988
American Board of Obstetrics and Gynecology	Re-certification	Feb 1996
Accreditation Council for Gynecologic Endoscopy	Certified in Operative Laparoscopy and Operative Hysteroscopy	1996

Professional Society Memberships

American Society of Reproductive Medicine
ASRM – Reproductive Biology Special Interest Group
American Medical Association
New York State Medical Association
American Association of Gynecological Laparoscopists
American College of Obstetrics & Gynecology
Society of Reproductive Endocrinologists
Society of Assisted Reproductive Technology
New York Obstetrical Society
Society of the Sloane Hospital for Women

Awards and Honors

Howard C. Taylor Award for Teaching Excellence
Columbia-Presbyterian Medical Center
Sloane Hospital for Women - 1982
New York, New York

Residents Teaching Award
Albert Einstein College of Medicine - spring 1985
Bronx, New York

Resolve of NYC Chapter Award - October 1996
Grand Hyatt, New York City

American Infertility Association Award – October 1999
Grand Hyatt, New York City

Other Professional Activities

Ad Hoc Review: RFA-AG-94-002 "Menopause and Health in Aging Women" April 12-13, 1994

NHLBI Special Emphasis Panel: RFP-NHLBI-HC-94-16 & 17 "Angiographic Trial in Women" September 26-27, 1994

P&P HRT Special Interest Group – Women's Health Initiative (1997 – present)

Hormone Replacement Committee – Women's Health Initiative (1997 – present)

Hormone Trials Advisory Committee Chair – Women's Health Initiative (2002 – present)

Steering Committee – Women's Health Initiative (2002 – present)

New York State Task Force on Life and the Law – Advisory Group on Reproductive Technologies (1999 - 2000) Consent for ART and Donor services.

Co-Chair – HRT and CaD adherence and Retention Conference – Women's Health Initiative (1999 - 2000)

Chair – HRT – Report of interval findings in the Women's Health Initiative to participants. – Women's Health Initiative (2000)

Co-Chair Women's Health Initiative Clinical Trial – Closeout Working Group (1999 to present)

Vice-Chair ASRM Menopause Special Interest Group (2003)

Advisory Boards

New York City Resolve: Medical Advisory Board, 1998-1999

American Infertility Association: Medical Advisory Board, 1999- 2000

Journal Review

Obstetrics and Gynecology

American Journal of Obstetrics and Gynecology

Fertility and Sterility

Editorial Board

Journal of Assisted Reproduction and Genetics

Journal of Fertilization In Vitro

NIH Funded Research

Co-Investigator- Women's Health Initiative 1994-Present

The Clinical Center of the Department of Obstetrics, Gynecology & Women's Health of the Montefiore Medical Center/ Albert Einstein College is one of 40 clinical centers selected to conduct the WHI Clinical Trial and Observational Study and is the only one in the metropolitan New York area. The Women's Health Initiative (WHI) is a national, multicenter study of the health of postmenopausal women and consists of several overlapping clinical trials to test interventions to prevent breast cancer, heart disease and colorectal cancer and osteoporosis. The WHI also includes an observational study to uncover disease markers and risk factors. The clinical trials are initiated to determine if hormone replacement therapy (HRT) prevents heart disease, osteoporosis and colorectal cancer. One ancillary study seeks to determine if HRT prevents Alzheimer's disease and age-associated cognitive decline. The Dietary Modification Trial seeks to determine if a low fat, high grain, fruit and vegetable eating patterns will prevent breast cancer and heart disease. The Calcium/Vitamin D supplement trial is to determine if these supplements will prevent osteoporosis and colorectal cancer. The WHI is the largest clinical trial ever funded by NIH. Nationally, 160,000 women are participating. The WHI represents a collaborative effort of the departments of Epidemiology and Social Medicine, OBGYN-WH, and Medicine. The AECOM/ MMC Clinical Center succeeded in recruiting the goal of 4,500 community-based women within the Bronx and NY Metropolitan area.

Invited presentations over past 5 years

1. **Cryopreservation and risk for triplet pregnancy.** Budapest, Hungary June 2002.
2. **"WHI: Where We Are and Where We Are Going."** June 18, 2002; Wave Hill, Bronx, NY
3. **What we have learned: lessons from the Women's Health Initiative,** Grand Rounds September 16, 2003, CHR New York, NY
4. **What we have learned: lessons from the Women's Health Initiative,** Grand Rounds September 26, 2003, CHR Chicago, Ill.
5. **Risks and Benefits of Estrogen Plus Progestin in Healthy Postmenopausal Women,** Department of Obstetrics and Gynecology, Salt Lake City, Utah March 26, 2003.
6. **Is there still a place for surgery?** Center for Human Reproduction; Post-Graduate Course. Chicago, Illinois June 2003.
7. **"Infertility for Beginners: Questions and Answers"** American Infertility Association, Grand Hyatt, New York, NY March 25, 2004.
8. **Infertility treatment for the Primary Care Provider,** Center for Human Reproduction, Postgraduate course, June 2003.
9. **WHI: Estrogen plus Progestin Breast and Gynecologic Cancer,** Cornell Presbyterian Medical Center, October 20, 2003.
10. **Hormone treatment and Cardiovascular Disease: Are SERMs the Answer?** Taiwan Society of Cardiovascular Disease Prevention and Control. 9th Nov, 2003
11. **New ideas in ovulation induction.** Dept of Onstetrics and Gynecology NYU Downtown May 2005
12. **What happened when the hormones stopped? : after the WHI.** Englewood Hospital, Englewod, NJ May 10 2005
13. **Traditional Chinese Medicine and Hot Flashes.** Presented to the TCM Society of New York, February 2005
14. **Symptom experience after discontinuing use of estrogen plus progestin in the WHI Clinical trial.** Maimonides Medical Center, Brooklyn NY, January 6, 2006
15. **Managing menopausal symptoms among minority women.** Symposium, "Evidence based approaches to Menopause III. SGI Toronto Canada March 24, 2006
16. **Evidence based medicine (EBM): what's next? Cannot replace clinical judgment.** Controversies in Obstetrics and Gynecology. Berlin, Germany, November 4-6, 2010.
17. **Preimplantation genetic screening (PGS) is an experimental tool that should be banned from routine clinical use: PGS, as currently practiced, is associated with inferior results and should not be routinely offered.** Controversies in Obstetrics and Gynecology. Berlin, Germany, November 4-6, 2010.
18. **Has anti-Mullerian hormone (AMH) become essential in assessing ovarian reserve?: No.** Controversies in Obstetrics and Gynecology. Berlin, Germany, November 4-6, 2010.
19. **Can diminished ovarian reserve be treated effectively?: Yes.** Controversies in Obstetrics and Gynecology. Berlin, Germany, November 4-6, 2010.

Medical School Committees:.....

Ethics Committee on Reproductive Technology -1987 - 2000

Admissions Committee of Albert Einstein College of Medicine - 1988 – 1993

Subcommittee on Clinical Sciences Curriculum -1986- 1988

Educational Planning and Policy Committee - 1986 - 1990

Department of Obstetrics and Gynecology Promotions Committee: 1992- 1998

Dean's Committee on Conflict of Interest: 1994-1996

Biography

Dr. Barad an Associate Clinical Professor with joint appointment in the departments of Epidemiology and Social Medicine and Obstetrics and Gynecology at the Albert Einstein College of Medicine. From July 1984 until April 2001, Dr. Barad, MD served on the full time faculty of the Albert Einstein College of Medicine, where he was an Associate Professor in the Department of Obstetrics and Gynecology & Women's Health. He also served as the Director of the Division of Reproductive Endocrinology in the Department of Obstetrics and Gynecology at the Montefiore Medical Center. He is a 1972 graduate of Rutgers College and a 1978 graduate of Rutgers Medical School (now known as Robert Wood Johnson Medical School). Dr. Barad completed his residency in Obstetrics and Gynecology at Columbia Presbyterian Medical Center in 1982. Dr. Barad went on to sub-specialty training in the Reproductive Endocrinology Fellowship at the Brigham and Women's Hospital of Harvard Medical School. He finished his fellowship at Harvard in 1984. In 2003 Dr. Barad received a Masters of Science in the Clinical Research Training Program at the Albert Einstein College of Medicine. Dr. Barad is a Co-investigator in the Women's Health Initiative and is Chair of the WHI Hormone Advisory Committee. The WHI is the largest and longest clinical trial of both diet and hormone replacement therapy ever conducted. Dr. Barad's research covers a broad range of interests including postmenopausal hormone treatment, osteoporosis, and postmenopausal symptoms as well as ovarian function, ovulation induction and in vitro fertilization. Dr. Barad presently practices in Manhattan at the Center for Human Reproduction, where he is Director of Assisted Reproductive Technology. Dr. Barad is on the Voluntary Staff of St Luke's Roosevelt Hospital as an Associate Attending in the Department of Obstetrics and Gynecology.

Dr. Barad has published extensively in the field of reproductive endocrinology and has achieved a national and international reputation in that discipline. He is the recipient of the 1996 Kokopelli Ball Resolve of New York City Chapter Award for "outstanding dedication and commitment to family building".
