### ***Dr. Gleicher to present to IVF symposium in Canada***

**Norbert Gleicher, MD**, Medical Director of the Center for Human Reproduction, has been invited to join the panel of presenters at an in vitro fertilization symposium organized by Ferring Canada, scheduled to convene in Toronto, June 19-21, 2008.

Representing a group of fellow researchers, Dr. Gleicher will report on the team's paper, *The impact of LH-containing gonadotropins on diploidy rates in preimplantation embryos: a long protocol stimulation*.
